## ALADDIN MANTLE LAMP

We want to prove to you that our new ALADDIN Mantle Lamp makes an ordinary oil lamp look like a candle; beats gasoline or acetylene lights and is put out just like the old style oil lamp. Tests at a number of leading Universities prove that the ALADDIN is

### Five Times as Efficient as the Rayo

and other similar round wick, open flame lamps. Burns common coal oil (kerosene), no odor, smoke or noise. Simple, clean, won't explode. Gives powerful, white light—nearest to sunlight. Is guaranteed. \$1,000 Reward will be given by the manufacturers to the person who shows them an oil lamp equal to the new ALADDIN. Would they dare make such a challenge if there was the slightest doubt as to the merits of the ALADDIN?

### Let us Prove these Claims to You

A demonstration and trial of the lamp in your own home will convince you. No obligation on your part. Just let us know when we can call. Phone or write—

### Weekly Report

By the B. C. Market Commissioner—Lettergram Correspondence.

(Fruit growers may receive weekly reports of the Market Commissioner regularly every Monday by becoming members of the B. C. Fruit Growers Association. Annual fee, \$1.00. Apply to R. M. Winslow, Secretary, B. C. F. G. A., Department of Agriculture, Victoria, B. C.)

Calgary, Alta., Sept. 4, 1915  
Correspondents' Reports by Lettergram and Mail.

Brandon, Sept. 1.—There have been very few Washington apples on this market so far, it is said but one car has arrived. There have been no B. C. apples as yet. Most of the apples here during the past two weeks are barrel stock from Iowa, Michigan, Wisconsin, Missouri, and Minnesota. Just at present Minnesota Duchesses are being consigned here, which is keeping the market low. It is difficult to compete against these prices with either B. C. or Washington boxed apples.

Tomatoes are still selling very cheaply on this market. Practically the only tomatoes received are from Ontario, in 11 quart and 6 quart baskets. Six quart baskets are selling wholesale around 40 cents, 11 quart around 60 cts.

Winnipeg, Sept. 2.—A few Ontario peaches from Grimsby have arrived in excellent condition and are wholesaling at 60 cents and are retailing at 70 cents. The trade could handle more of similar quality but it is possible they would not fetch more than 50 cents in quantities to the retailer. A car of B. C. Crawfords wholesaling at 90 cents to \$1; small sizes, ninety sixes graded, No. 1's from Summerland and Peachland too small for No. 1's. Larger sizes showing slight shrinkage.

The first car of Ontario Duchesse apples arrived today and are wholesaling \$4.00 to \$4.50 per barrel. They are showing poor colour. B. C. Bartletts and fall apples in evidence.

Crabs are moving slowly, with the demand from the country. Wholesale prices are unchanged. Wholesale prices: Italian prunes (B. C.) 85c to 95c; B. C. Bartletts, \$2.00; box apples, \$2; crabs, \$1.25; Ont. tomatoes, 50c; these are moving slowly on account of poor quality.

Washington f.o.b. prices pears and peaches are advancing. Pears now as high as \$1.25 and peaches 35c. Southern barrel apples advancing; quoted now from points within a 28c rate from Minneapolis at \$2.00 f.o.b.

Ontario fruit arriving in mixed cars to the auction sold today as follows: All six-quart, peaches 19 to 21 cents; plums, 21c to 25c; tomatoes, 21c to 26c; pears, 30c to 35c; Duchesse apples, 20c to 22c; imported barrels, \$2.50 to \$3.00 per bbl.; Italian prunes, 75c to 82c.

Wetaskiwin, Sept. 3.—Edmonton wholesalers quote us prices on B. C. fruits and vegetables as follows: B. C. Italian prunes, 75c; peaches, 85c; plums, \$1.25; Bartlett pears, \$2.25; 5-case lots, \$2.15; Apples—Wealthy, Gravenstein and Jeffries, \$2.25; 10 cents less in five case lots; and pit, \$2; 5 cents less in 5 case lots; jumble pack, \$1.85. Crabs—Transcendents, \$1.30; Hyslops, \$2. Cante-loupes, \$4 to \$5; onions, Australian, \$2.50; onions, B. C., 1½c; celery, 8c; cabbage, 2c; ripe to-

## Interesting Items of Okanagan News

Gathered From Our Contemporaries Throughout the Valley

Enderby Press, Sept. 2:

The ladies having charge of the Enderby Tobacco Fund are in receipt of an acknowledgment from the Overseas Club, London, for £3.10s, the second cheque sent from Enderby as a result of the tobacco fund teas inaugurated by Mrs. Gray and Miss Forster.

The Rev. Mr. Beattie and Mr. C. G. Piper, who were the delegates to the prohibition convention held in Vancouver, gave a public report of the proceedings on Tuesday evening.

Armstrong Advertiser, Sept. 2:

Mr. Cunningham has appointed T. H. Bain, who has been connected with the work for the past five years, and also a wide experience in Eastern Canada, to inspect all cars coming into the valley.

The Agricultural Society has spent over \$100 in erecting permanent pens for swine exhibits.

The young ladies collecting for the new Overseas Base Hospital on Saturday last obtained the sum of \$62.00.

Vernon News, Sept. 2:

Out of nineteen applications for the position of assessor and collector, the Hall Committee of the City Council selected the name of Colin Reid.

The Board of Works reported that they had arranged to start a chain gang in the city which would be guarded by the military. This action was taken owing to the fact that the police court records showed that during the past month about 60 per cent of the prisoners confined in the jail were from the military training camp. In this way the city will be able to provide prisoners sentenced to hard labour with a full day's work. Chief Clerks is also organizing a guard to assist and watch the city's part of the affair. The work will consist chiefly of grubbing and clearing weeds from streets.

The Machine Gun Fund of Vernon and the surrounding districts now reaches \$3,265.50.

Before a large crowd the lightweight championship of the camp was decided on Thursday night when Trooper Roberts of the 11th C. M. R. and Al. Larrigan, Cyclist Section, 47th Battalion, were the contestants. Roberts was given the decision, and proved himself the cleverer boxer.

Summerland Review, Sept. 3.

As a result of Tag Day held last Saturday the sum of \$168.00 has been forwarded from here as a contribution in aid of the 5th General Hospital, C. E. F. Of this sum \$15.77 was collected by the ladies of Naramata.

There were possibly a dozen in attendance at the Council Chamber on Tuesday morning when the delinquent tax sale took place. Seven bids were made during the course of the sale, the highest of which was \$83.39, this being the amount owing on the College Gymnasium property. Four small lots were sold at \$13.50 for the four. The other knock down figures were \$30.19 and \$25.26.

Mr. McAlpine is taking legal action against the municipality to recover the sum of \$765.00 for alleged damage to his residential property. The case will be tried in Summerland in due course. Mr. A. O. Cochrane is conducting the case for the municipality.

## Excellent Prospects For Fall Fair

Sports Programme to be Very Extensive—Military Band Contest.

The committee and directors of the Agricultural and Horticultural Association appear to be leaving no stone unturned to make the exhibition and fair a complete success this year, and two meetings have been held during the past week to discuss further arrangements.

Those present were Messrs. R. A. Copeland, J. E. Pridham, J. Bowes, R. Lambly, E. R. Bailey, M. Hereron, W. R. Laws, C. C. Prowse, W. Calder and H. W. Raymer.

The first meeting was held last Saturday afternoon, when most of the time was given over to discussing proposals for the programme of sports to be held in conjunction with troops from the military camp at Vernon. Unfortunately, at that time nothing at all definite could be announced, but a further trip of the Sports Committee to the camp was arranged for the following Tuesday and a further meeting planned for the day after when the committee would report once again.

On Tuesday evening, therefore, the committee and directors met once again and held session until nearly midnight, the all important sports programme once again claiming predominance.

The report was to the effect that Messrs. Pridham, Hereron and Lambly had had a long interview with Captain Callaghan of the 11th C. M. R. at Vernon which had resulted in Captain Callaghan promising to draw up a programme of races independent of the races to be arranged by the committee locally. The officer promised to see that the races arranged for by him would be competed for by the troops and he also promised to assist in superintending them in every way possible. Such sports would include a tug-of-war and all other athletic sports usually indulged in by the military. These races would of course be open to everyone.

Another strong feature which Captain Callaghan promised to take charge of was a military band contest. He stated that he could, he believed, have at least four bands take part in such a competition. This offer was joyfully received, as was also the statement that Captain Callaghan felt sure he could promise that fully a thousand of the troops would visit the fair providing the C. P. R. would grant a half rate excursion, as Col. Duff Stuart had promised general leave. The matter had been taken up with the C. P. R. but unfortunately they would not grant such a concession, but promised a rate of fare and a quarter. The matter is still being followed up, however, and it is hoped that the Railway Company will see fit to change their ruling.

Final details of the military programme, however, had not been settled and it would not be possible to complete it for several days, by which time the committee hoped that the local sports programme would also be drawn up.

The committee further reported that the band of the 47th Regiment from Vernon had been engaged to play at the fair. Some endeavour was also being made to hold a boxing contest, but this matter also was not yet definite. A concert would also be given in the Opera House on Tuesday

## AN OPEN LETTER

To the Women of Canada Con-  
cerning the Need for Fight-  
ing Men.The National Committee of  
Women for Patriotic Service,  
commonly known as the National  
Service Committee, has issued a  
stirring appeal to the Women of  
Canada, copy of which is printed  
below.The Committee claims that  
much prominence has been given  
in the press to the International  
Congress of Women recently  
held at the Hague to discuss  
peace, and therefore they, as re-  
presentatives of all the large na-  
tionally organized societies of  
women in Canada, ask for an  
equally generous treatment with  
regard to the other side of the  
question.The head offices of the National  
Committee of Women are at  
77 King Street East, Toronto,  
and Mrs. Adelaide M. Plumptre,  
is the secretary. H. R. H. the  
Duchess of Connaught is the  
Hon. President, with H. R. H.  
the Princess Patricia, Lady  
Borden and Lady Laurier as Hon.  
Vice-Presidents. Many other  
well known names figure on the  
list of officers.The appeal runs as follows:  
A year ago the thunderbolt of  
war fell upon us out of a clear  
sky! After the first moment of  
surprise and confusion had pas-  
sed, we asked, "How can we  
help?"During the year that has pas-  
sed, that question has found  
many answers. The trained nurse  
quickly proved her value. Other  
women were called upon to or-  
ganize and direct Red Cross and  
St. John Ambulance work or Pa-  
triotic Societies, while all gave  
time or money or personal ser-  
vice in preparing supplies.To comparatively few came the  
need for the supreme sacrifice—  
the sending forth of husband, son  
or brother to the fight. The first  
appeal for volunteers was limited  
and did not appear very urgent.  
All honour to those who heard  
and obeyed the earliest call of  
Empire and whose women sent  
them forth with pride to fight in  
the front rank of the Canadian  
forces.Today the situation has chang-  
ed. We have learnt, after a year  
of war, that our task is harder,  
our danger more real, than we  
thought a year ago. We have  
"given" gladly; now we are called  
to "give-up," and service must  
fulfil itself in sacrifice. Most ur-  
gent of all today is the call to give  
up ungrudgingly our husbands,  
sons and brothers. We are called  
to create in our homes such an  
atmosphere of self-devotion that  
our men and boys may feel their  
resolution to offer themselves in  
their country's service is simply  
what we expect of them.This does not mean that wo-  
men should be constantly urging  
their men to enlist, for it is doubt-  
ful if the patriotic persistence of  
a wife or mother would produce  
anything but a reluctant and re-  
sistant recruit. The men of Can-  
ada have not shown themselves  
less patriotic than their women;  
but it is for us, the women of  
Canada, to ask ourselves whether  
our self-sacrifice is falling short  
of the supreme test.

Are we making it hard or easy

for our men to obey their coun-  
try's call to service?Why is the call so urgent now?  
The answer is simple: it is be-  
cause our existence as an Empire  
is at stake.We went into the war to keep  
our solemn pledges to our Allies;  
and this reason still holds good.But there are now other rea-  
sons which did not exist a year  
ago. Belgium with her ravaged  
land and exiled people cries aloud  
for justice. What do Canadian  
women say to the appeals of her  
outraged women and mutilated  
children? They have suffered  
for us: what are we willing to  
suffer for them?The women of France and Rus-  
sia and the United Kingdom have  
long ago heard the appeal to give  
up their men, and have responded  
nobly. What will Canadian wo-  
men do?Beyond the keeping of our  
pledged word, the woes of Bel-  
gium, and the example of our  
Allies, there comes to us today  
the knowledge that we are called  
on to fight our own battle; not to  
send help to Belgium or France  
or even England, but to fight for  
our own national existence.We are told by the men who  
know that we cannot win in this  
war without more men.If we hold back our men we are  
courting defeat: and defeat  
means, not a vague misfortune to  
the Empire at large, but the very  
practical result of a Canada gov-  
erned by Germans.Do we want to know what that  
would mean? Then let us look  
at Belgium, and learn how the  
yoke of the conqueror galls the  
neck of a freedom-loving people.  
Defeat would mean for us a pe-  
riod of bitterest shame and dis-  
content, and then—another war.  
Can we risk it? We are risking  
it if we do not make the path of  
service easy for our men.But the most compelling call  
for sacrifice rings out from the  
graves of those who on the fields  
of Flanders, at Langemark, and  
Ypres, and Festubert, have blaz-  
ed the trail to glory with their  
life blood.Can we make their self-surren-  
der of no avail by holding back  
the men who would take up and  
complete their splendid task?There is a saving which is los-  
ing: is it worth "saving" our men  
from death if we lose their re-  
spect? There is a loss which is  
gain: even though we learn to  
face "Desperate tides of the  
whole great world's anguish,  
forced through the channels of  
a single heart."We are called to scale the  
gleaming peaks of self-sacrifice,  
in the company of our brave sis-  
ters of the Allied nations.What will the women of Can-  
ada do?HOME CANNING  
OF TOMATOES(Issued by B. C. Fruit Markets,  
Commissioner's Office, Calgary.)Tomatoes are surely a most im-  
portant and most valuable fruit  
because they enter into some dish  
at nearly every dinner.They are used in soups, entrees  
and sauces, and are used whole  
for baking made overs and for  
salads. They are also most use-  
ful in giving a tasty touch to left  
over meat dishes. In the making  
of pickles, chow-chow, etc., green  
tomatoes are indispensable. Ma-  
caroni baked with tomato sauce  
is gradually displacing macaroni  
baked with cheese, being much  
more tasty and digestible.Of all tomatoes, those grown  
in the interior valleys of British  
Columbia are unequalled in fine  
grain, richness of colour and firm-  
ness of flesh. The supply of these  
ideal tomatoes is now at its  
height, and the housewife must  
buy promptly to secure the choic-  
est of the crop, being assured that  
prices as well are at their lowest.The following general direc-  
tions on tomato canning and re-  
cipes have been prepared by Mrs.  
R. J. Deachman, who has the re-  
putation in Calgary of an expert  
on Home canning:Canned goods keep because  
they are properly sterilized and  
properly sealed. Tomatoes may  
be canned, and will keep indefi-  
nitely by the following method:1. An ordinary wash boiler  
with a tight-fitting lid, and a  
false bottom put in of wire net-  
ting or a piece of board to fit the  
boiler, will answer the purpose of  
a cooker.2. Sterilize jars, tops and rub-  
bers thoroughly by boiling them.3. Choose sound, firm but not  
over-ripe stock.4. Blanch the tomatoes by plac-  
ing them in a muslin bag, boiling  
water poured over them to entire-  
ly cover, and allowing them to  
boil a minute. Then plunge in  
cold water to loosen the skins and  
harden the pulp.5. Peel at once, and pack in the  
jars, adding tomato juice to fill  
the jars, and a level teaspoon of  
salt to each quart. Do not add  
any water as tomatoes are them-  
selves 94 per cent water.6. Place rubbers and tops in  
place, partially tighten tops and  
sterilize the given time.7. Remove from boiler, tighten-  
ing the tops as you lift each one,  
and stand the jars upside down  
to cool.

## Canning Whole Tomatoes

Preparing the liquid:

After blanching and removing  
skins from some tomatoes, cut up  
and boil in a preserving kettle  
for 25 minutes. Rub through a  
sieve to remove seeds and to  
make smooth. Return to the ket-  
tle, and reheat. While the strain-  
ed liquid is heating, select some  
small firm, ripe tomatoes just  
big enough to slip into the jars.Place these in boiling water for a  
moment, core and peel. Pack  
carefully in the jars without  
crowding or spoiling their shape.  
Add a level teaspoonful of salt to  
each quart and fill up the jars  
with the strained hot liquid. Put  
on rubbers and tops, partially  
tighten tops, and place in the  
boiler on the false bottom. Have  
the water in the boiler rather hot  
to prevent the already hot jars  
from breaking. Sterilize for half  
an hour, tighten tops, remove  
from boiler and cool.Tomatoes canned in this way  
are available for serving in any  
way where fresh whole tomatoes  
are used, such as in salads, bread-  
ing or baking and the strained  
juice is the basis of many soups.Canned Tomatoes for  
General UseBlanch and peel the tomatoes  
and pack in jars as nearly whole  
as possible, filling the jars com-  
pletely. Add a level teaspoon of  
salt to each quart. Place rubbers  
and tops in place, partially tight-  
en, put in boiler on false bottom,  
with water sufficient to come  
about half way up the jars. Bring  
to the boil and sterilize for one  
hour. Tighten tops, remove from  
boiler and stand jars upside down  
to cool.

## Thick Canned Tomatoes

Prepare tomatoes as usual,  
place in a preserving kettle, with-  
out adding any water, and boil  
until the desired thickness. Fill  
the jars immediately, add a little  
salt, put on rubbers and tops and  
partially tighten. Place in boiler  
and sterilize 25 minutes. Tighten  
the tops and remove from the  
boiler—stand jars upside down  
to cool.WESTERN FRONT  
DEFIES GERMANSPARIS, Sept. 8.—An official  
announcement made here today  
states that the artillery struggle  
is still actively going on around  
Arras, in the region of Roye, be-  
tween the Oise and the Aisne and  
on the Champagne front.In the western part of the Ar-  
gonne, after an intense bombard-  
ment in which shells containing  
suffocating gases were extensivel-  
y employed by the enemy, the  
Germans delivered an attack  
against our positions. This at-  
tack, led by two divisions, was  
violently counter-attacked and  
the enemy failed in their new at-  
tempt to break our front.Following a bombardment of  
Nancy by German aeroplanes a  
French squadron threw shells  
upon the military establishments  
at Frescati and Sablons and upon  
the railway station at Metz.VIENNA CLAIMS  
RUSSIAN RETREATVIENNA, Sept. 8.—According  
to statements issued by the Aus-  
trian War Office here, in the re-  
cent fighting which took place  
near Podkamien, on the Russo-  
Galician frontier, the Russian  
troops were forced to retreat a  
distance of about 56 miles, mov-  
ing their troops back through  
Radziwilow, in Russia.

## THE LATEST NEWS BY WIRE

CARRANZA TROOPS  
STORM NOGALESNOGALES, Ariz., Sept. 8.—  
The Carranza troops began  
storming the outer defences of  
Nogales which lie just across the  
International Boundary, in the  
state of Sonora. Severe fighting  
is also reported to be in progress  
three miles from this city. The  
attackers are said to number four  
thousand men. The governor,  
Maytorena Villa, the defender of  
the town, is said to have five  
thousand men in his garrison.INSPECTOR CHARGED  
WITH MANSLAUGHTERVICTORIA, Sept. 8.—As a re-  
sult of Justice Murphy's report  
of the disaster in the South Wel-  
lington mine shaft No. 1, when  
nineteen lives were lost, the At-  
torney-General's department has  
issued an order prosecuting  
Thomas Graham, the chief provin-  
cial Inspector of Mines, and  
Mr. H. J. Tonkin, the manager of  
the Western Fuel Co. at Nani-  
mo, charging them with man-  
slaughter.GERMAN AIRSHIPS RAID  
LONDON DISTRICTLONDON, Sept. 8.—An official  
statement has been made  
public here announcing that hos-  
tile air craft made another raid  
over the Eastern counties of Eng-  
land and over the London dis-  
trict on Wednesday night, drop-  
ping many incendiary and ex-  
plosive bombs. At midnight a  
few casualties had been reported,  
as well as some fires which were  
then well under control. The  
number of casualties is to be  
communicated to the public dur-  
ing the day.SUNK "ARABIC" IN  
SELF DEFENCEBERLIN, Sept. 8.—Germany's  
note to the United States con-  
cerning the sinking of the White  
Star liner "Arabic" by a German  
submarine was sent last evening.  
The note attributes the destruc-  
tion of the liner as an act of self  
defence on the part of the sub-  
marine and expresses the German  
government's deep regret that  
American lives were lost and of-  
fers to refer all questions regard-  
ing reparation and compensation  
to the Hague for adjustment.GERMAN MILITARY  
STATION DESTROYEDLONDON, Sept. 8.—Accord-  
ing to reports received from the  
German frontier the allies' recent  
raid over Saarbrücken in Rhenish  
Prussia had terrible results. A  
military station was blown up  
and seventy-five persons were  
killed, mostly soldiers.GALLIPOLI FIGHT-  
ING CONTINUESLONDON, Sept. 8.—There has  
been very heavy fighting again  
in the Gallipoli Peninsula in  
which the fleet of the allies joined.  
According to the correspon-  
dent of the "Daily Telegraph" a  
slight progress was made by the  
allies on the Suvla Bay front.RUSSIANS AGAIN  
VICTORIOUSDrive Back Austro-German Di-  
visions in Galicia.PETROGRAD, Sept. 8.—An  
official statement issued here an-  
nounces that in Galicia, near  
Tarnopol, our forces achieved a  
great success against the Ger-  
mans. The German Third Guard  
and a division of the Forty-eight  
Austrian Reserve comprised the  
enemy, who were reinforced by a  
division of the Austrian Brigade  
with great quantities of both  
heavy and light artillery. Accord-  
ing to statements made by pris-  
oners taken the enemy had been  
preparing for several days to  
make what they intended to be  
a decisive attack. This was fixed  
for the night of Tuesday and  
Wednesday, but forestalling the  
enemy, Russian troops took the  
offensive and after a most stub-  
born fight on the River Doljinka  
the Germans were completely de-  
feated. On Tuesday evening, at  
the end of the engagement, the  
enemy developed an artillery fire  
of the most extraordinary inten-  
sity, and only the impossibility of  
replying with the same weight  
of metal prevented the Russian  
troops from further developing  
the success obtained.The Germans, besides suffer-  
ing enormous losses in killed and  
wounded, left as prisoners more  
than two hundred officers and  
eight thousand men. Our Rus-  
sian forces captured thirty guns,fourteen of which were of heavy  
calibre. Many machine guns,  
gun limbers and other booty were  
also obtained.After a brief pursuit our troops  
occupied their former positions  
on the River Sereth.The Czar, upon receiving the  
report of this defeat inflicted up-  
on the enemy, sent an order to  
his valorous troops expressing  
his joy and thankfulness at their  
success and the heavy losses in-  
flicted upon the enemy.Further south, in the region of  
Trembowlan, we dislodged the  
enemy from a series of villages,  
making over forty officers pris-  
oners and taking nearly two thou-  
sand other troops, together with  
three guns and a dozen machine  
guns.Between the Dniester and the  
left bank of the Lower Sereth  
River the Austrians took up the  
offensive in the region of the vil-  
lage of Voriatyntze. By a flank  
attack of one of our battalions  
we arrested the enemy's offensive  
and took eleven officers and over  
a thousand Austrians prisoner,  
together with their machine guns.RUSSIANS HOLD POSI-  
TIONS IN NORTHPETROGRAD, Sept. 8.—An  
official statement issued here an-  
nounces that the fortunate with-  
drawal of our armies from the  
difficult position before the Vis-  
tula, where they were surrounded  
by the enemy, is now beginning  
to make itself felt by numerous  
partial successes.On the Riga-Dvinsk front the  
general situation remains un-  
changed. German attempts to  
advance in the region of the rail-  
way station at Grossekau Neu-  
hut were repulsed. In the direc-  
tion of the Dvinsk there have  
been unimportant advance-post  
actions, and the fight for the  
River Lautze continues as yet  
without result.

In order to occupy a more co-

vered position some of the troops  
were removed a little to the right  
of Lutze, but there have been no  
important changes along the  
routes towards Vilna.The Germans directed a vio-  
lent fire, accompanied by asphyx-  
iating gases, against our troops  
occupying the outlets from the  
lakes in the region of Noyo Troki,  
and near the town of Orany the  
enemy yesterday made attempts  
at an offensive.From Grodno stubborn Ger-  
man attacks continue to be made  
in the region of the railway sta-  
tion at Druskeniki and towards  
Skidel. In the latter direction  
we repulsed the enemy and in-  
flicted great losses, taking scores  
of prisoners.In the district south of Nie-  
men the enemy delivered several  
extremely violent attacks, as well  
as in the region of Wolkynsk, and  
on both sides of the railway lead-  
ing to Slonim. On the roads  
from Lutsk to Rovno there has  
been no change. In the region of  
Doubhok and Remenetz we oc-  
cupied positions on the rivers Ikwa  
and Upper Goryn.WELSH MINERS  
STRIKE AGAINLONDON, Sept. 8.—The  
Welsh coal miners are again on  
strike.ITALY CONTINUES  
OFFENSIVEROME, Sept. 8.—An official  
statement issued here today con-  
tains reports from positions in  
the Upper Camonica Valley.  
These reports state that the Ital-  
ian artillery is continuing its ac-  
tivity and is repeatedly hitting  
the shelters in the Lasio Valley,  
Neurnberger and Huette. These  
shelters, which are vast groups  
of huts, have now been completel-  
y destroyed in places by our fire.On the Cadore our troops ad-  
vanced and took the offensive  
along the whole Monte Croco-  
Comelico zone and occupied sev-  
eral of the enemy's trenches.

### EXCELLENT PROSPECTS FOR FALL FAIR

(Continued from page 1.)

evening, Sept. 28th.

Feeling certain that the number of visitors to the fair would be exceptionally large this year the meeting decided that it would be policy to ask the City to provide a number of additional police for the principal days of the fair.

As regards the refreshment booths, it was decided to make an offer to the local Red Cross Society to take charge of these for the occasion for the benefit of the funds of the Red Cross Society.

Amongst the other business transacted at the Saturday meeting was that of deciding upon the various entrance fees to the grounds, etc., which were fixed as follows: Entrance to grounds, 50c per person; entrance to grounds for automobiles, 50c each; entrance for double seated rigs, 50c; entrance for ordinary rigs, 25c; entrance to grand stand, 25c; reserved seats on grand stand, 50c each.

That part of the Special Prize List covering District Exhibits of agricultural and horticultural products was arranged, it being announced that the first prize of \$15 had kindly been promised by Mr. J. W. Jones, with a second prize of \$10 to be given by Mr. L. E. Taylor. It was arranged that at least three districts would have to compete, otherwise the prizes would be withdrawn. Entries are to be made with the secretary of the Association, Mr. W. M. Edwards, not later than the 13th of the month. A diploma will be given with the first prize.

The next meeting of the directors and committee will be held at 3 o'clock on Saturday afternoon in the rooms of the Farmers' Institute.

### ANOTHER INDUSTRY FOR KELOWNA

Building of Plant for Evaporating Apples Already Commenced  
—Use for Culls.

Excavations for the foundation of a new building were started on Wednesday morning of this week at the corner of Ellis St. and Cawston Ave., just south of the old B. N. A. T. Co.'s factory, and the structure, when completed, is to take the form of a modern and well equipped building for the evaporating of apples.

The prime local mover in the affair is Mr. W. B. M. Calder, who while on a recent trip in Eastern Canada was successful in convincing several business men of the opening awaiting such an enterprise in the Okanagan. It was but natural that Kelowna, the real home of the apple, should be the spot selected for the site of the building and plant, and the Orchard City Evaporating Company therefore expects to be in full operation here by the middle of October. The machinery is ordered and shipped, the building is commenced, and everything is being done to hasten the completion of the equipment into position, so that this year's cull apples can be handled.

The building will be a two story affair, with kilns and bleaching racks, and will be 36 ft. by 72 ft. It will be constructed of wood with a foundation of stone, and is being so arranged that it can be enlarged at any time without upsetting the arrangement of the equipment. Three kilns and their three corresponding furnaces will be put in this season, but the full plant, when completed, will consist of five kilns and furnaces. In order to handle the fruit required to keep these three kilns running five parers will also have to be installed, as well as slicers, choppers and presses. Provision is also being made to have this number increased in accordance with the contemplated addition of kilns next year. Electric power will be used.

Some idea of the amount of fruit that can be handled by the three kiln equipment this year can be gathered from the fact that three hundred bushels of apples a day can be evaporated by them. This is roughly 15,000 lbs., or about a carload a day.

While in operation this new enterprise will give employment to from fifteen to twenty people, and besides being a source of revenue to the city should be an excellent method whereby the ranchers can dispose of much fruit which at present goes to waste.

Mr. Calder states that he will have no trouble whatever in disposing of the finished product. Several large orders have already been secured while several others can be booked as soon as definite dates for delivery can be arranged. What might be termed the bi-products can also be easily disposed of, as there is a big demand in the province for evaporated apple skins and cores, these being used for the making of jelly and such like articles. An expert is coming from an Eastern concern of a similar nature to superintend the installing of the machinery, while another fully experienced man is being sent by an Ontario firm to take charge of the work of evaporating for this season.

Mr. Calder wishes to impress upon ranchers throughout the Valley the advisability of saving all culled stock pending the commencement of operations, when he gives the assurance that good figures will be paid for them.

Manager—"What's the leading lady in such a tantrum about?"

Press Agent—"She only got nine bouquets over the footlights tonight."

Manager—"Great Scott! Ain't that enough?"

Press Agent—"No. She paid for ten."

##### Annual Meeting.

The adjourned annual meeting of the South Okanagan School was held on September 4th, Mr. Russell Fordham being in the chair.

The question of the arrears of taxes was considered, and, as the report of the Surveyor of Taxes showed arrears of \$771.00, the School Trustees were instructed to inform him that this state of affairs was most unsatisfactory, and to request him to take steps to collect the delinquent taxes.

It was agreed to vote the sum of \$280 for necessary expenses in addition to the \$260 voted at the previous meeting for the teacher's salary.

the recurring branches. Rays 9 to 15. Thistle family.

153. Solidago elongata. 1 to 3 feet high. Leaves lanceolate to oblong, sharply and mostly coarsely serrate. Appears to be the commonest Golden-rod at the Coast; found here on the Bench. The spike is rather compact, and pointed.

#### Penticton Herald, Sept. 2:

Pte. R. J. McCurdy of Kere-meos who stepped off the West-bound train on Monday night is the first Similkameen soldier to return home from Flanders. He is recovering from a shrapnel wound which destroyed his right eye. The delegation of citizens which met the train bore the returned soldier to the Incola steps where Magistrate Guernsey, Mr. W. A. McLean, of Hedley, and Mr. W. A. Wagenhauser all made brief but stirring speeches.

A prohibition meeting was held in Stewart's Hall last night. The meeting was presided over by Councillor McCauley. The principal speaker of the evening was Archdeacon Lloyd.

Mr. A. Kelly, of Penticton, with No. 150, won the black Percheron stallion Cyranos, donated by Mr. Louis Goodchap to the machine gun fund. The second lucky number was held by Mr. H. A. Turner, who won the mare given by Mr. S. J. Kinney. The heifer donated by Miss Fowler went to Mr. W. J. Gibbons. Mr. Turner very generously donated his horse thus won to the Patriotic Fund, who will sell it for auction.

Five ladies are shooting at the Gun Club for the Dupont trophy. Miss Moossey and Miss Fowler are at present in the lead. Last Thursday the professional shoot was won by Mr. Thos. Andrews, and the final shoot of the day was won by Mr. Ramsay.

Police Chief Harry E. Gale has resigned after a somewhat stormy and turbulent career of about seven months as head of the Penticton police department. The resignation came as a result of complaints made to the commissioners by a number of citizens who claimed that the chief in performing the duties of his office lacked tact and judgment and was discourteous. In view of the action of the board of police commissioners in asking for the resignation of Chief Gale, the following resolution passed at a recent meeting of the local W. C. T. U. is of more than ordinary interest. It reads:

"Resolved that this society of the Women's Christian Temperance Union of Penticton pass on to Chief of Police Gale a hearty vote of approval and commendation of his record and policy of impartial performance of his duty in regard to law enforcement in this town."

#### ADVENTURES IN THE AIR

##### Kelowna Flying Man's Thrilling Exploits in France.

About the middle of last month, Quarter-master J. B. Whitehead, while at Shorncliffe, England, received a letter from Mr. Wilmer Leggett, who is now a member of the Royal Flying Corps of the British Expeditionary Force in France. Q. M. Whitehead very kindly sent the letter home to Mrs. Whitehead, with the suggestion that perhaps the "Courier" would care to print parts of it for the information of Mr. Leggett's many friends who will keenly welcome news of their old associate.

The letter states:

"I am an observer and am having a fine time as the work is very interesting. . . . We get a pretty hot time in the air nowadays from the Huns' 'archie' or anti-aircraft guns. They are very hot shots. Had three lucky escapes about a week back. The first time the wind was so strong that we were hardly moving and we were well over the lines coming back from a long reconnaissance. The wind was too strong to allow of dodging and we had to sit there a perfect target for their 'archies.' We had some 200 shells sent up at us in three quarters of an hour. Of course the

machine got hit all over and we were jolly glad when we got down safely. We heard afterwards that the men in different batteries along the front cheered us when we got through all right.

"Next trip we had to go through a vast cloud at least 10,000 feet high and heaven knows how thick or wide. When in it we lost direction completely. We started spinning and then did a nose dive spiral, the machine being quite out of control. We dropped 2,500 feet before the machine was righted and I truly thought it was our last trip.

"The third time we had just chased away a Boche when an 'archie' bullet struck the petrol tank and the petrol streamed out behind it. I expected it to catch fire any minute and if it had we would have been done, as we had an 8,000 feet drop. Luckily it didn't catch fire so we were all right."

Mr. Leggett's address at the time of writing was No. 6 Squadron, No. 2 Wing, Royal Flying Corps, B. E. F., France, but if he has continued to have experiences such as he narrates in his letter it must be confessed it would be hard to say with precision where his address may be at the present time.

#### PENTICTON APRICOTS

Net Growers 2 1/4c per Pound.

Penticton growers who are members of the Penticton Fruit Union, are said to be quite elated over the returns which were received for apricots this year. It is said that the net returns for No. 1 apricots show a price to the growers of 2 1/4 cents per pound, and No. 2 apricots brought 1 1/2 cents per pound net. The average price of all apricots sold through the Okanagan United Growers by the Penticton union last year was 1 1/4 cents, so that it can be seen that the increase was a substantial one. Last year the union apricot shipments out of Penticton totalled only 946 crates, as against 11,500 for this season.

#### AFFRAY AT CANNERY

Quite a bit of excitement occurred at the Cannery on Tuesday afternoon when some of the women working in the establishment revenged themselves upon Mrs. Lumlock for the way that lady was supposed to have treated her own children.

It appeared that Mrs. Lumlock prepared a nice dinner before she went to work in the morning, leaving the children to look after things in the house. Finding

time tedious the kids fed the chickens with the intended repast, threw away some knives and a few other domestic articles, and took possession of what money they could find in the house. When the mother returned she was so enraged at the acts of her offspring that she meted out strict punishment. This was claimed to have been cruel by some of the cannery workers who witnessed the event, and they thereupon waited for the return of the Chinese lady at the end of the luncheon hour and vowed bitter revenge.

Upon the woman's arrival they proceeded to return upon her the blows which she had generously given to her children an hour before, only they added interest and the number of sticks used. So severe was the attack that Constable Gibb had to be called in. But when this trouble was quieted a further one arose, the cannery workers who had administered the punishment refused to work beside a woman who had "nearly murdered her children," and to prevent a young strike and to enable the hum of work to continue the foreman found it expedient to give way to the majority and to send Mrs. Lumlock home—for the rest of the day at least.

PHONE US, No. 20

"You remember our piano mover"

A communication dispatched this week from the secretary of the Kelowna Volunteer Reserve to the adjutant of the 102nd Regiment, R. M. R., at Kamloops, pointed out that since its formation the Kelowna Reserve had already contributed 42 men to the overseas forces and to the Canadian Militia. The letter further went on to say that the total of the muster roll of the Reserve is now 152 and that the average attendance at bi-weekly drill was 125. In closing, the letter commented on the ability and courtesy of the instructor, Col. Sergt. Finch, who had been provided by the Militia Department and who was acting as commandant of the Reserve.

A delegation representing the Kelowna Women's Institute, consisting of Mrs. L. V. Rogers and Mrs. Newby of Kelowna, and Mrs. Fleming of Rutland, left on Monday morning for Salmon Arm where they will attend a convention held in the interests of the Institute.

On Wednesday morning Miss Freda Parker and Miss Barlee left for Yale, where they will attend school.

Arrived at Great Canadian Camp.

Friends of Mr. G. R. S. Blackaby, now Private Blackaby of the 30th Reserve Battalion C. E. F., will be pleased to hear that he has written to Captain G. C. Rose announcing his safe arrival in England and ultimately at Shorncliffe.

After giving many details of the voyage and repeating some of the "war stories" told him by a party of Royal Naval Gunners who crossed to England in the same ship, he tells of his new conditions and of the many Kelowna boys already seen in the big Canadian camp.

The letter is written on August 17th and finishes up with the following:

"We work from 5 a.m. to 5 p.m. here which is rather more than we did at Vernon. Bayonet fighting, bomb throwing, trench digging, etc., are all part of our daily work."

"I was lucky enough to be away both times that the Canadians were reviewed. First they were inspected by Sam Hughes and Bonar Law and then yesterday by Princess Alexander of Teck. Both times they had to stand three hours in soaking rain."

"Jimbo Lloyd, W. R. Alexander, Jardine, Haldane and Hirst—the last named enlisted on this side—are all attached to our company."

**Local and Personal News**

Lieut. C. Harvey arrived on the boat on Monday afternoon.

Mr. Andy Dalgleish and mother went to Kamloops on Monday.

Sergt. C. E. Moon came down on Friday to spend the week end in Kelowna.

Mrs. Forster left on Sunday morning for San Francisco and a visit to the great exposition.

Mr. H. D. Riggs went up to the Landing on Saturday to meet his wife who was returning to Kelowna.

Miss Lydia Swean went South on the boat on Tuesday afternoon. Her destination is Devil's Lake, North Dakota.

Save your cull apples for the new evaporated apple plant which will open in Kelowna about the middle of October.

Olive Switzer left on Wednesday morning for Vancouver from which place she goes to Winnipeg to continue her college career.

Jimnie Patterson, who until recently was the driver of the Fire Brigade's auto, left on Monday morning. His destination was St. Paul, Minn.

A fresh supply of new government bulletins has just been received at the Farmers' Institute Office and can be had upon application to the secretary, Mr. E. L. Ward.

A public meeting will be held next Wednesday evening in the Board of Trade Building to arrange for the formation of a branch of the Canadian Patriotic Fund in Kelowna.

A meeting of the Country Girls' Hospital Aid will be held on Saturday, Sept. 11th, at the home of Mrs. A. G. Moon, Bernard Ave. It is hoped that all members will be present.—Com.

Physical drill was given to the Kelowna Volunteer Reserve for the first time last Friday evening and the crowd of onlookers appeared to find pleasurable entertainment in the sight. It is said that the cracking of joints resembled the rattle of musketry, while the grunts and groans drawn from the performers were likened unto the moaning of wounded on the field of battle. But some people are so imaginative!

A bad runaway occurred in the neighbourhood of the cannery last Tuesday afternoon. A horse attached to a light farm wagon took fright outside the Kelowna Growers Exchange, and after bolting round the adjacent corner careered through the crowd of vehicles standing around the cannery. The impromptu run resulted in the smashing up of the dray, a good deal of excitement amongst horses and teamsters, and a little—only a very little—bad language.

**DEMONSTRATION SILO FILLING**

At Mr. Hereron's Last Week.

Some thirty spectators assembled at Mr. M. Hereron's ranch at Ellison last Thursday afternoon to witness the demonstration filling of the large silo just completed for the ever enterprising and energetic Mr. Hereron under the guidance and supervision of the provincial government. Most of the visitors were farmers from the district, some of whom intend to follow Mr. Hereron's example and experiment further along the lines of economic silage feeding.

Mr. W. Newton, of the Soil and Crops Division of the Provincial Department of Agriculture, was present and gave an interesting discourse on the construction of silos and the many advantages to be derived from their use, especially during the winter months.

Mr. Hereron's silo is a landmark for several miles around, and it was felt generally that it pointed to a better system of farming and an increased prosperity for the district. In a short time it is believed that some ten or twelve silos will dot the landscape around Kelowna.

Mrs. Percy Harding returned to town on Tuesday afternoon.

Mrs. L. Richmond and children left on Friday morning for Toronto.

Miss Richmond, sister of Mr. L. Richmond, left on Friday morning for Vancouver.

Mr. E. L. Ward has been appointed to sell members and entrance tickets for the Fair.

Mr. and Mrs. Thos. Lawson and family left on Tuesday morning for Wetaskiwin, Alberta.

Prize lists and entry forms for the Fair can be obtained from the Farmers' Institute Reading Room.

Mr. and Mrs. E. Lawley went up to Okanagan Centre on Saturday to spend the holiday. They returned on Tuesday.

Mr. L. Richmond has been on a business visit to Vancouver. He left on Sunday's boat and is expected to return this afternoon.

Mr. E. L. Ward has been appointed Crop Reporting Correspondent for the Kelowna district to the Statistics Branch of the Dept. of Agriculture, Ottawa.

The ladies of the Methodist Church are holding a sale of home-made cooking on Saturday, Sept. 18th. The place where the sale will be held will be announced next week.—Com.

Mr. Ferris, who has been superintending the construction and filling of the silo at Mr. Hereron's ranch, left on Monday's boat for Armstrong, where he will commence similar duties.

The police made another raid in Chinatown on Tuesday night, but nothing was found beyond an opium pipe and some empty opium tins. The strict surveillance of Chief Thomas is evidently beginning to have effect.

The W. A. of All Angels and St. Michaels will hold their first meeting after the summer holidays in the Parish Hall on Friday, September 17th. The president hopes that there will be a large attendance as the winter work will be commenced.—Com.

The Willing Workers of the Baptist Church will hold an old fashioned school party at the home of Mr. T. Duggan, corner of Pendozi and Strathcona, on Thursday evening, Sept. 16th. All are cordially invited. A collection will be taken in aid of the church.—Com.

Principal S. Everton, of the Summerland College, with Mrs. Everton and family, passed through on the boat last Friday morning on their way to Chicago, where it is Mr. Everton's intention to pursue post-graduate studies. In the meantime the College Board have declined to accept his resignation, preferring to give him a leave of absence in the hope that financial troubles will be overcome and that the College will not be closed for more than a year.

The name of Lieut. C. M. Lucas appears amongst the wounded in a recent casualty list in Old Country newspapers reaching here this week. A letter also received here this week bears witness to the fact that this is Mr. C. M. Lucas who was for some time a resident in this city, where he followed his profession of land surveyor and civil engineer with Mr. Chas. Harvey. No particulars are apparently to hand. The regiment to which Lieut. Lucas was attached was the South Wales Borderers.

Mr. Wong Yip had an unpleasant surprise last Sunday morning when at the early hour of 7.30 a. m. Chief Constable Thomas entered and searched his premises. The search led to the finding of a quantity of opium already prepared for smoking and the arrest of the said Wong Yip. Upon paying \$50 bail he was allowed his freedom, the case being called for Tuesday morning. On Tuesday, however, he evidently had a more important engagement elsewhere, which resulted in his bail being forfeited and the City becoming the richer by that amount.

**RESERVE MILITIA TO BE ORGANIZED**

Regulations providing for the organization of the reserve militia in Canada have been authorized by the Militia Department. It is provided that units of the reserve militia may be associated with corresponding units of the active militia. No one under thirty-five will be allowed to join and there is no age limit for retirement.

No one will receive a commission in the Reserve unless he has rendered at least three years satisfactory service in one or more of the naval or military forces of the crown. Officers of the reserve militia will be junior to officers of the active militia of the same rank.

Drill and training will be voluntary and will entail no expense on the public.

In time of emergency the reserve militia is liable to be called out on active service anywhere in Canada.

The government will not undertake to provide the reserve militia, except when called out on active service, with clothing or equipment.

**KELLOWNA VOLUNTEER RESERVE****Company Orders**

On Friday, Sept. 10th, and Monday, Sept. 13th, the Kelowna Reservists will parade with rifles at 7.30 p.m. for squad, platoon, rifle and physical drill.

The N. C. O.'s class will assemble on the Parade Ground every Wednesday evening at 7.30 until further notice for special instruction by Col. Sergt. Finch. An invitation is extended to all who can possibly do so to attend these classes.

# **PRAIRIE MARKETS WEEKLY REPORT**

(Continued from page 1.)

matoes, \$1; green, \$1.50; blueberries, 10c. On Yakima fruits the Edmonton dealers quote as follows: No. 1 Wealthy, King, Spys, \$2; Green Gages, \$1.20; Italian prunes, 80c.

One car from Kelowna arrived here on consignment and was made up of pears, peaches, tomatoes, and prunes. Varying prices are quoted for tomatoes with retail quotations ranging from 50c to \$1. There will no doubt be considerable British Columbia onions sold here as Albertans do not seem to understand the curing of the onions grown here, but there will be no market here for British Columbia potatoes.

Retail prices follow: Canteloupes from 15c to 20c; prunes, \$1.15; peaches, \$1.10 to \$1.15; apples, 4 lbs. for 25c; tomatoes, 3 lbs. for 25c; pears, \$2.50 per box; pumpkin, 2c lb.; celery, 12c; crabapples, \$1.75; onions, 4 lbs. for 25c; cabbage, 2c per lb.; blueberries, 15c per lb.

Edmonton, Sept. 2.—There have so far this week been 15 cars of fruit on this market, six mixed cars from B. C., heavy with vegetables and the rest imported being 5 cars Yakima peaches, 3½ cars prunes and 1½ cars pears. One of the B. C. cars was a straight car of Flemish Beauty pears from Kelowna which arrived in fine condition. The tomatoes in the other cars were in only fair condition.

There has been very keen rivalry among the wholesale fruit houses this week and they have been selling the finest imported Elberta peaches for 80c per box and imported prunes for 65c and less, and of course B. C. peaches and prunes have had to meet these prices. The Washington prunes just net 16 lbs. per box. Tomatoes (B. C.) are selling for 75c per crate for good stock; apples from \$1.25; pears firm at \$2.00 per box and \$3.00 for lugs of 60 lbs. net.

Retail prices are: 75c to 80c per crate for tomatoes, 55c to 75c for prunes, peaches 75c to 90c; apples from \$1.40 to \$1.60 per box; plums, crates, 65c to 90c; pears, \$2.25 and \$3.50 for lugs.

The local celery is now on the market and almost shuts out B. C. celery as it can be sold so much cheaper.

Prospects for B. C. onions—the trade seems to think that the price will not be above \$12 per ton and perhaps as low as \$10.

Preserving fruits are moving well at prevailing prices but crate apples are not so fast. There is almost no sale, so far, for good No. 1 wrapped apples and very few are offered.

Lethbridge, Sept. 2.—Eight cars of fruit arrived here during the week. This was made up of two mixed cars, one car of B. C. apples, and the balance were from Yakima and contained peaches, pears, prunes and apples. B. C. peaches are scarce here. British Columbia fruit compares very well with Washington fruit.

This week's prices are as follows: Peaches, wholesale, 90c, retail, doz., 20c, box \$1; pears, lug boxes, wh., \$2.75, retail \$3.10; apples, crates, wholesale, \$1.60, retail, \$1.80; apples, reg. boxes, wholesale, \$2 and \$2.25, retail, \$2.25 and \$2.50; prunes, wholesale, 90c, retail, \$1, \$1.10; green gages, wh., 90c, retail, \$1.10; tomatoes, B. C., wholesale, 75c, retail, 85c to \$1; crabapples, wholesale, \$1.75, retail, \$2; cabbage, local, per 100 lbs., wholesale 75c, retail 1½c; potatoes, local, wholesale, per 100 lbs., 75c, retail \$1; cauliflower, per doz., wholesale, 50c, retail, each 8c; beets, wholesale, 60c; retail \$1; carrots, per 100 lbs., wholesale, 75c, retail 1c; cucumbers, each, wholesale, 3c, retail, 5c.

There seems to be a large crop of all kinds of vegetables here. Peaches selling well; prune sales are improving; apples by the box are slow but tomatoes selling well.

Gull Lake, Sept. 1, (A Retailer).—Preserving fruits are moving fairly well but there is no demand from country customers. Cutting is only about one-third advanced for such a heavy crop as we have this year and this is keeping back sales to a large extent. There will no doubt be a lot of fruit sold yet. B. C. growers are picking their fruit too ripe for the long journey here and they should bear in mind that a dealer cannot dispose of fruit immediately upon its arrival. If the fruit were picked a little greener it would be to the grower's material advantage. Two cars of Washington fruit are due in Maple Creek tomorrow. Prevailing wholesale prices follow:

Maple Creek—Peaches, 85c; prunes, 85c; pears, 60 lugs, \$2.25; crab apples, \$2.00; tomatoes, ripe, \$1.00; peppers, 8 lb. box, \$1.00. Swift Current—Peaches, 90c; prunes, 80c; pears, standards, \$2; crab apples, \$2; tomatoes, ripe, \$2.00.

Retail prices rule much the same as last week. Bartlett pears are retailing at \$2.75.

MacLeod, Sept. 2.—There is a fair demand for blackberries which are arriving in good shape from Nelson. Okanagan celery is beginning to arrive. A car of mixed fruit and vegetables from Vernon rolled in here on Monday and after partial unloading proceeded up the line. The laid down prices of ripe tomatoes in this car, here were 50c per box, cabbage 1c per lb., and green tomatoes \$1 per box.

A car of B. C. fruit arrived yesterday via Calgary and contained a good assortment. Selling prices follow:

Peaches, 18 lbs. net, Crawford's, Yellow St. John, 90c; prunes, 18 lbs. net, 85c; pears, standard box of 40 lbs. net, \$2.25; ripe tomatoes, 75c; green tomatoes, 40 lbs. net, \$1; plums, Black Diamond, etc., \$1; apples, \$1.75; crabs, Transcendents, \$1.40; canteloupes, for 45's (50c less than Wash.), \$4.00.

There have been no cars of Washington fruit here this week.

Calgary wholesale prices are practically the same as the car prices at this point, perhaps a shade higher in some instances. They quote apples, No. 1 B. C. Gravenstein, Wealthy, Jeffries, Duchess, \$1.75, and the same apples in crates at \$1.60. Potatoes, B. C. white, \$1.00 per 100 lbs., and red, 90c. Carrots, turnips, beets and cabbage, \$1 per cwt. Marrow at 2c.

Would Purchase All C Grade Apples in Northwestern States.

North Yakima, Aug. 31.—Representatives of C. H. Robinson & Co. are negotiating for the purchase of all C grade apples the Northwestern dealers have to offer. The output of C grade apples is estimated at 1,000 cars.

Vancouver, Sept. 1.—Markets in general are dull. Farmers are having difficulty in moving their oat crop even at \$22.50 per ton. The yield of potatoes on the Delta will not be over 65 per cent. of the usual yield. Buyers are only offering \$8 per ton. Export shipments on the R. M. S. Makura were only 28 tons.

Prunes are still in good supply and the price is very low. Plums have been off the market for a few days but a shipment from the Okanagan this morning will supply the demand. Crabapples will not move to any great extent. Pears are in good supply and the stock of No. 1's is good. Peaches are now in good supply from Wenatchee and Yakima. The price dropped to 65 cents yesterday. Brokers state that these were bought F. O. B. at 25c per box. Shipments of peaches from Kere-meos have found a ready sale and the demand for these is increasing daily. Peaches from the Okanagan Valley, in climax baskets, have not found favour with the wholesale trade, while at the City Market this morning some four hundred baskets were disposed of in a short time.

Heavy shipments of tomatoes

are coming in from local points this season and in quantities large enough to supply the demand.

There have been four cars in from the Okanagan Valley during the past three days. These contained 365 boxes apples, 825 boxes peaches, 568 baskets peaches, (11 qt.), 233 crates of plums, 300 boxes prunes, 600 6-qt. baskets prunes, 374 boxes pears, 819 boxes tomatoes and 21-boxes nectarines.

Medicine Hat, Sept. 2.—Four cars of Washington and one car of British Columbia fruit were received in the city during the week. Prevailing prices follow: Wholesale—B. C. Wealthys, No. 1, \$2.00, crates, \$1.75; Wash. Elberta Peaches, 85c; Wash. Italian Prunes, \$1; B. C. Bradshaw plums, \$1; B. C. Greengages, \$1; B. C. Wickson, \$1; Wash. Bartlett pears, \$2. Retail—B. C. Wealthys, No. 1, \$2.50, crates, \$2.25; Wash. Elberta peaches, \$1; Wash. Italian prunes, \$1.25; B. C. Bradshaw plums, \$1.25; B. C. Greengages, \$1.25; B. C. Wickson, \$1.25; Wash. Bartlett pears, \$2.50.

But little B. C. fruit is being received here but what there is, composed of apples, assorted plums, and a few peaches, shows No. 1 grade. The Washington peaches are badly bruised. Local vegetables are still very plentiful.

No. 1 B. C. tomatoes are arriving in large quantities and are wholesaling at 75c and retailing at \$1.00.

B. C. peaches are scarce here. Several inquiries have been received for Hyslops.

Regina, Sept. 3.—All conditions are improved. Okanagan quotations about the same as last week. There is a good demand for Hyslops but they are apparently maturing slowly.

McIntosh Reds will be ready next week. About 500 boxes moved this week in mixed cars. There is no demand in this territory for American apples.

The Okanagan is now including upwards of two hundred peaches per car with the stock arriving in fairly good condition, but the brine tank cars are the cause of most of the shrinkage. A mixed car of heavy tomatoes arrived today from Creston, which was shipped on Sept. 1st. The tomatoes were cleaned up quickly at 80c wholesale. Peaches are wholesaling at 80c to 90c. There have been no Ontario plums or peaches quoted in this territory as yet.

Government to Close Market Office in Yakima.

North Yakima, Sept. 1.—The Federal Office of Markets and Rural Organization will not give aid as to shipments and diversions during the coming apple season.

C Grade Apple Deal Is Off, Say Buyers for Grand Forks House.

Wenatchee, Sept. 1.—Representatives of the C. H. Robinson Co., of Grand Forks, who have been in the Wenatchee and Yakima Districts in an effort to purchase all of the C grade crop of apples, reported today that the deal was off.

Spokane Dealers Make Prices for Winter Varieties.

L. J. Blot of the Spokane Fruit Growers' Company gave to a Spokane paper the following abstract of quotations made by him, the prices being slightly under the opening prices of 1913, but very much better than those of last year:

Extra Fancy—Grimes Golden, \$1.15; Delicious, \$1.75; Winter Bananas, \$2.00; Rome Beauties, \$1.35; Ganos, \$1.20; Wageners, \$1.25. Fancy—Grimes Golden, 95c; Delicious, \$1.25; Winter Bananas, \$1.50; Rome Beauties, \$1.20; Ganos, \$1.00; Wageners, \$1.00.

Calgary, Sept. 4.—Prevailing retail prices follow: Apples, Red Astrachan, Wealthys, Gravensteins, 4 lbs. for 25c, per box, \$1.90; plums, Burbanks, Bradshaws, basket, 35c and 40c; Lombards, basket, 35c; Damsons, bas-

ket, 35c; Black Diamond, basket, 35c; Yellow Egg, basket, 35c; Greengage, basket, 35c; Peaches, Crawford's, 99c; Italian prunes, 5 lbs. 25c, crate 90c; Nectarines, basket, 35c; pears, Bartletts, No. 1, doz. 25c, case \$2.45; Flemish Beauty, doz. 25c, case \$2.45; strawberries (poor quality), 20c box, 2 for 35c, crate \$3.75; crabs, Transcendents, 6 lbs. 25c; case \$1.20; green corn, doz. 25c; tomatoes, hothouse, 15c; tomatoes, ripe, No. 1 B. C., 5 lb. basket 25c, 4-basket crate 90c, 20-lb. crate (bulk) 90c; tomatoes, green, 6 lbs. 25c; pickling cukes, 4 lbs. 25c; celery, choice white, lb., 10c; green peppers, 2 lbs. 25c; Onions, 10 lbs. 25c; Turnips, yellow Swede, 22 lbs. 25c; Parsnips, 12 lbs. 25c; small White Pickling Onions, lb. 20c; Broad Beans, 3 lbs. 25c; Potatoes, B. C., bu. 70c. Calgary Wholesale Prices, 4th Sept.—These quotations are mainly those to city trade; country trade quotations are usually slightly higher.

Apples—No. 1 Wealthys and similar kinds, \$1.85, and a few at \$2.00. Demand for No. 1 apples light, preference being for crates. Crates, \$1.50 for light crate (36 lbs. net) to \$1.60 for economy and sand pits.

Crabapples—Transcendents are moving slowly. Over-ripe stock going as low as 75c to clean up. Good No. 1 Transcendents selling at \$1.25 and up to \$1.35 to country points. Retailers demanding Hyslops, which are slow in starting, and these are being quoted at \$1.75.

Pears—Bartletts, No. 1, at \$2.50 and lugs at \$2.75. Two cars Yakima lugs came here this week, but Yakima now finished. No. 3 Bartletts, B. C., selling \$1.75. No. 1 Flemish Beauty and Clapps Favourite, \$2.25.

Prunes—No American left. B. C. in peach boxes selling 85c and 80c, some very light packs sold at 75c. Demand fair, and improving.

Plums—Black Diamond and Ponds Seedling, 4-basket, \$1.25; but as low as \$1 to city trade in some cases. Some Coe's Golden, Ponds and Bradshaw in peach boxes 90c.

Tomatoes—Generally shorter supply this week, 4-b. selling 80c, 85c, 90c to \$1. Some B. C. sold to local jobbers at 70c here. This market can handle 400 to 500 crates a day, at above prices, given a regulated supply.

Green tomatoes—Moving better. Good stock in pear boxes, \$1 and up to \$1.25 to country points. Partly ripe, in pear boxes, selling at 90c.

Onions—Slow, jobbers still working on Aust. Browns, selling down to \$1.75 per case. Not much demand expected until local green stuff is cut off by frost. Kelowna dry onions selling at \$1.50 sack very slow. Some cars Kelowna onions reported sold at \$16.00 F.O.B., but some cars reported folled to Edmonton on consignment. The B. C. onion crop is sold through only a few selling concerns, and these should get together quick.

Potatoes—B. C. and Alta. selling \$15.00 ton, very little movement.

Cantaloupes—Demand lessening, with cool mornings. B. C. selling \$4.25. A standard package for B. C. Cants. is very necessary.

Cabbage—1c lb.; very slow.

Pumpkins, Squash, Marrows—1c to 1½c; slow. Citron, 3c. Watermelon, 2½c to 3c, but demand lessening.

Celery—Half crates, \$2.25; full crate \$4.

Cucumbers—Very slow; coast hothouse \$1.50 case. Field grown very few here, 80c.

W. E. McTAGGART, B. C. Market Commissioner.
